Dear Parent/Carer,

### Year 6 Homework (SATS books)

As you know, the children have got a set of SATS revision guides and question books. I asked the children not to worry about them for now as I didn't want them to feel overwhelmed by the content or wonder where to start. Now I have spoken to most parents at parent's evenings, I have explained that I wanted to set the work gradually and give some guidance on where to start.

I have produced the following as **guidance** for you and your child/ren on how I would approach the SATS books. I have split the content into around 3-4 pages of English and Maths a week. I have made sure the order of these topics are in an order that makes sense for when we have taught the topic. The 'Study Book' has corresponding pages which offers some guidance on subject knowledge, how to complete the pages and some examples. Then, the question book allows the children to have a go at some example questions. The answers are in the back of the book for marking afterwards. Additionally, if there are any areas that the children are particularly unsure of and the study book isn't helping explain: please use BBC Bitesize. It has some helpful videos and explanations of all the topics that we cover.

I have worked it out so that the pages would be complete by the Easter holidays. This is when I will be going on maternity leave and also allows a few weeks afterwards for the children to focus their revision on areas that they feel they need particular development or help with.

If your child gets stuck, confused or at any point feels stressed out by the work, please do not worry or stress about getting the pages completed. I have put this together as guidance for you to follow if your child would like to. If they would like to complete the books in a different way, then that is fine!

I would also like to invite the children to bring in their question books on a Thursday, if there is something specific that they would like me to go through with them. This is an opportunity for the children to ask a specific question or go over a specific area with myself or Mrs Lewis. In addition, I have created a 'tickable timetable' which separates the work into four days, with a page of English and maths to complete on each day. Again, if you or your child would like to arrange this in a different way then please feel free! I have only provided this guidance for the Maths and English study book and questions. Please use the other books how you see fit.

Please do not hesitate to contact me if you have any questions  
([abbigail.grotzke@stpetersprimary.co.uk](mailto:abbigail.grotzke@stpetersprimary.co.uk)).

Yours sincerely,  
Mrs Abbi Grotzke  
Year 6 Teacher
