

# PICK 'N' MIX HOMEWORK CLASS: 3 TOPIC: The Stone Age TERM: 1

## Humanities

- Make up a quiz all about the Stone Age. Don't forget to include the answers so we can test the knowledge of the rest of the Class!

## Science

- Using IT, research the different types of rock used by Stone Age people. Compare their properties and consider what they would have been useful for.

## PSHE/ COLLECTIVE WORSHIP

- This Term we will be learning about the Creation Story. Discuss what you already know about this with an adult.
- Draw a picture showing the creation story.

## Art/DT

- Stone Age people created homes using materials they had gathered. Create your own structure or den using natural materials.
- Design and create an ancient stone circle or replica of Stonehenge.
- Research cave paintings and create your own.

## WRITING

- Interview a friend or family member to find out what they know about the Stone Age. Record what you find out.
- Create a word search based on the Stone Age. Bring it into school to challenge your friends.
- Imagine you have time travelled back to the Stone Age. You are allowed to bring 3 things from 2019 with you. Explain what you will bring and justify why.
- Write a story set in the Stone Age.

## MATHEMATICS

- Create a poster showing all the important numbers in your life. This could include; the number of letters in your name, your height, your age or the number of siblings you have.
- Revise counting up in 2s, 5s and 10s.
- Collect data from your family and friends and present your findings in a graph e.g, favourite animal, favourite colour.
